

THE SOLUTION

A group and class using the Principles of Mindful Recovery

The Solution welcomes all who are recovering, new to recovery, and have an earnest desire to recover. The members will create a safe, energetic space where we listen as much as we share. Respectful participation, group cohesion, and confidentiality is the essential nature of the group.

As a member of the Group you will:

- ⌘ realize who you are
- ⌘ discover your wisdom mind
- ⌘ learn to view yourself with interested awareness
- ⌘ recover your true happiness and freedom
- ⌘ find a supportive, challenging, open, honest environment

To support our work we have:

- Friendly people
- A great workbook
- Snacks
